REUSABLE BAGS

A close-up photograph of a hand pouring water from the fingers onto a small green seedling growing from a crack in a stone surface. The background is dark, making the water and the plant stand out.

**WE
NEED
YOU**

THIS IS A STORY ABOUT ALL OF US.

Thank you for coming to Somehome, you definitely care about the future of our planet. And, if you are just opening up to this thought, this idea of a sustainable world, we are stoked to have you, too.

Because it relates to all of us. Now people are more concerned about the material of this product when they buy things. They'll think about whether this product will cause damage to nature because our Mother Earth is aging rapidly. We're helping more consumers become aware of this problem. Every purchase you make is not only supporting us, but also supporting our common home.

THIS IS NOT A STORY ABOUT SONGHOME
THIS IS A STORY ABOUT ALL OF US.

BOTTLE CLEANING

filtered and selected
the RPET bottle blocks are transported to cur advanced
recycling station,then get filtered and seperated.

CRUSHING

crush PET bottles into 3mm-12mm piece using
Equipment minimize vibration and noise and reduce PET bottle losses.

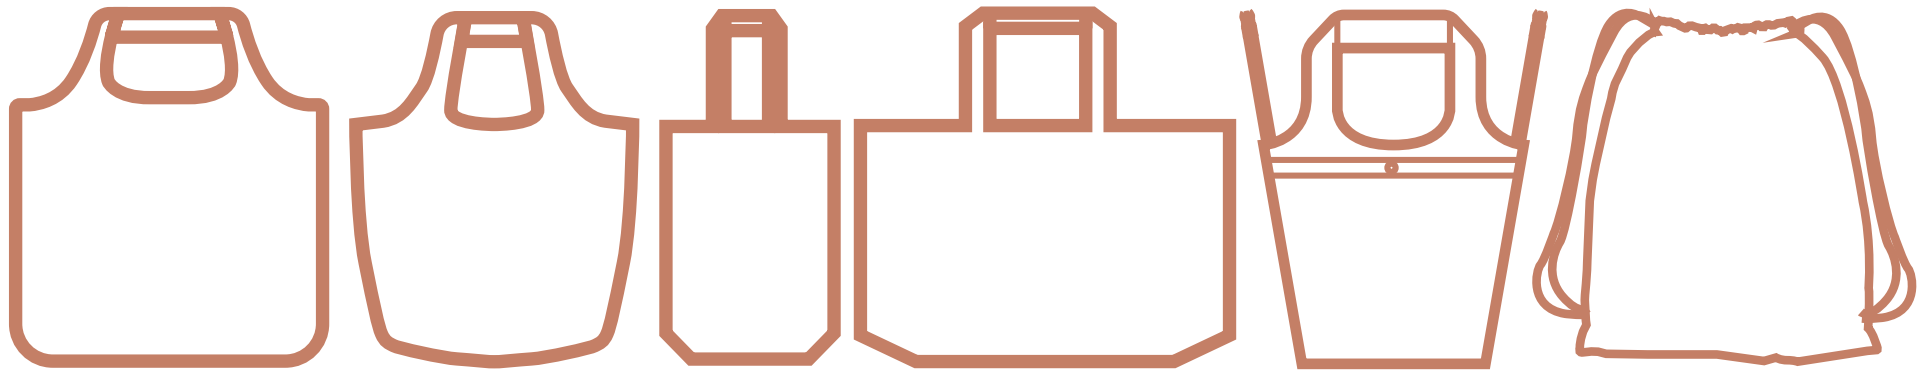

SMART WASHING

The residual harmful materials in the fragments are removed by high-temperature cleaning, while the adulterated PVC labels are removed. The unique separating double-floating structure drum of equipment effectively separates the adulterated PE/PP bottle caps. Ensure every angles of the flake get washed.

APPLICATION

Then these recycled RPET plastic particles, which we can process into the final product.
